

Aphrodite Co., Ltd.

有限会社アフロディア

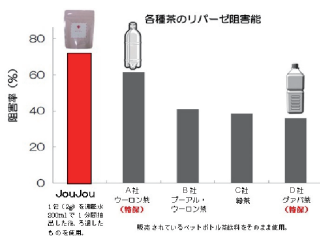

Taking with everyday meals, you can expect suppressing the absorption of "sugar" and "fat."

Take it three times a day. Treat your body beautiful from inside.

A delighted customer's voice: Cured "constipation in a week."

"Product Name: Juju Guava Tea"

Inhibition of " α -amylase" and "lipase" is validated.

- The study of Kochi University shows that it inhibits strongly the functionality of " α -amylase" which responsible for the "sugar" absorption.
- Comparing with common tea, the experiment of a public institution verified that it has a high functionality of inhibiting "lipase" responsible for the "fat" absorption.

For the "dull care" and "whitening", It brings out the beauty of women from inside the body.

- You can expect whitening effect by inhibiting "tyrosinase enzyme" responsible for "melanin production."
- Please enjoy it relaxed and fancy as afternoon tea.

Many feedbacks from our delighted customers

- "My 4-years-old daughter had gone to hospital and been given an enema once in every 3 days because of the constipation. Now her bowels move 3 days in row. It's caffeine-free, comforting to give it to a child and very easy to drink." (woman in her thirties)
- "I was struggling with the constipation terribly for 30 years, but I started to drink morning and evening, then the effect appears in a week, the constipation has been resolved". (52-year-old woman)
