

SUN SYSTEM ENGINEERING CO., LTD.

 Innovation for tomorrow
Sun System Engineering

株式会社サンシステムエンジニアリング

①Visitors can change outfit to a character.

②Make your booth game supported.

③10 minutes easy set-up from installation to running

なりきりっ!! CUBE

A character moves and dances corresponding to a body movement.

- As the visitors standing in front of the camera (Kinect) move, The character's image in the front screen moves corresponding to it as if they have entered into the character.
- Transform to another character by special posing.
- It comes with smiles and an excitement of visitors. It's also greatly cost-effective to the organize.

We can create a new character for this system. Please contact us.

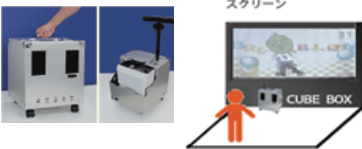

The "balloon breaking" game is pre-installed and ready to play.

- After visitors act like a character and play the "balloon breaking" game, the score board shows up and if you ranks in the top 10 places, the ranking with mug shots will appear.
- The great effect on promotion by the end of game.
- It's been greatly utilized as "a tool in attracting guests." to advertise goods and tourism.
- There are already many examples:
ASTY Tokushima, event of Tokushima prefectural workers union, 50th Anniversary event in service between Tokushima and Tokyo at Tokushima Airport, and TOKUSHIMA BUNKANOMORI PARK, campaign to study traffic rules, Asutamuland Tokushima, events in summer vacation. These examples are available on the website, <http://www.3system.info/ds/>

Narikiri Sudachi-kun, the mascot of Tokushima Prefecture

Mobile easily, able to set-up quickly.

- It is all-in-one system of a integrated cubic box, a camera and a projection system.
- It's easy to carry around with casters.

Size: 355(D)×355(W)×455(H) Weight: 15kg
※Please prepare the screen on your own.
